# INDUSTRY

The new and redesigned MOFFETT M9 NX is the perfect match for the poultry industry and all other applications with restricted headroom. Compact and strong, it handles the most challenging working conditions in confined areas and across challenging surfaces. Several new features add to the safety and comfort of the driver and allow for long working hours.

Upgrades in the MOFFETT M9 NX include:

- Increased operator space
- Suspension seat
- Tilt adjustable steering
- LED lighting
- Mudguards
- Improved service access

The M9 NX is incredibly powerful with a lift capacity of up to 2700 kg, yet compact enough to be carried

on almost any truck or trailer. It is available with a range of options and attachments, improving efficiency when operating inside the poultry house. It fits different logistical setups, like stationary operation or flexible operation, as truck mounted or transported on a truck.

The MOFFETT M9 NX is supported by our nationwide network of trained service technicians and factory approved replacement parts.

When you invest in the new MOFFETT M9 NX you get a next generation truck mounted forklift that delivers top performance, is easier to maintain and offers more comfort and safety. Which means your MOFFETT M9 NX spends more time at work – making more deliveries for you.

# NEW FEATURES FOR BETTER PERFORMANCE SAFETY AND COMFORT

## MaxPerformance™

### Light, but far from lightweight

The best truck mounted forklift for limited operational height has now even better performance. With the most efficient power-to-weight ratio in the industry.

## Freelift mast

For excellent visibility and easier maintenance

## OperationHeight™

### Designed for limited operation height

Exceptionally low operating height gives access to all types of poultry houses.

## EasyService™

### Reduced maintenance time

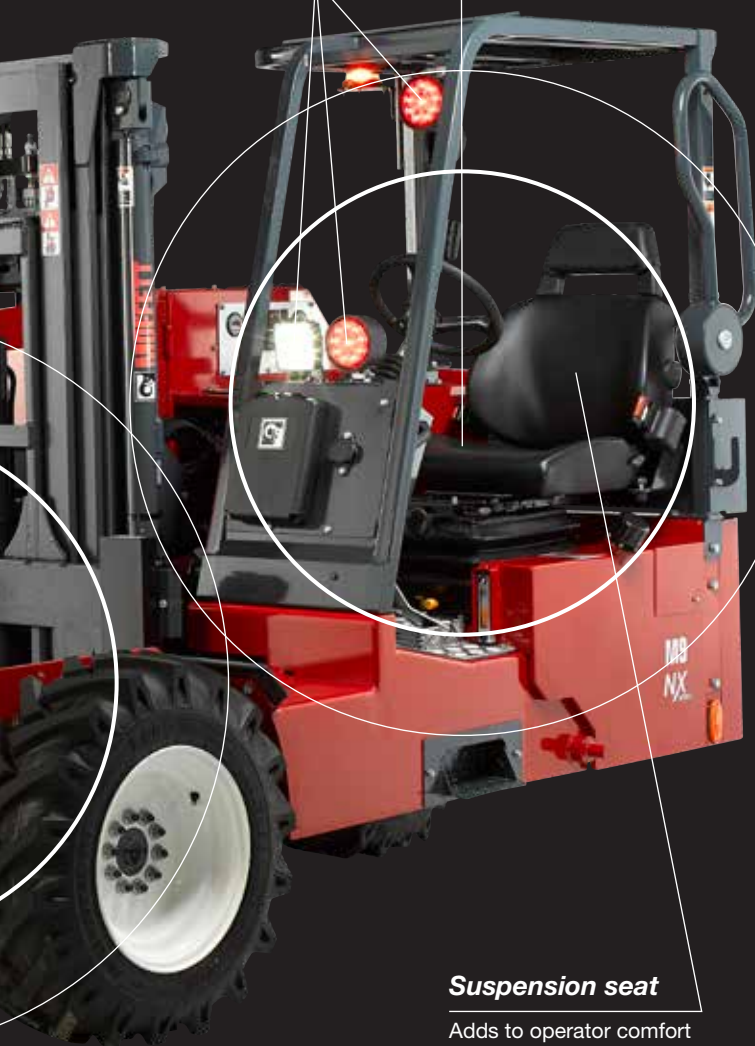

The MOFFETT M9 NX has a redesigned hood, new radiator access door, hinging fuel tank and relocated battery compartment for easier routine checks and maintenance access. Better battery access and special oil cooler for efficiency, superior performance, & reduced maintenance/running costs.

# PERFORMANCE,

Increased operator space

LED work lights

Suspension seat

Adds to operator comfort

## SafetyPlus™

Because safety comes first

Redesigned hood for better visibility, LED lights and seat presence indicator for further safety for the operator.

## OperatorComfort™

Work safer, work better

Increased operator space, new suspension seat and tilt-adjustable steering to provide excellent operator comfort.

# THE MOFFETT M9 NX
